4 door, 5 seater.

Trailer, roof box, roof bars, child seats available.

The smart way to get about

- ✿ You put the fuel in and get reimbursed
- ✿ In addition there is a joining fee of £20 per member and a monthly membership fee of £5
- ✿ We have a spread sheet that we can input your anticipated usage pattern and it gives the annual cost of use
- ✿ An example if you are a low mileage user and did:
 - Every week One 2hr shopping trip of 10 miles
 - Every 6 weeks One 3hr trip an evening meeting/cinema trip of 20 miles
 - Every 6 weeks One 8hr trip visiting friends/outing of 80 miles
 - Every 12 weeks One 36hr break or visit of 150 miles
- ✿ It would cost you £356 for the hourly charge, £288 for the mileage charge and £60 membership total £704
- ✿ If you are running a 5 year old small car it will be costing you at least £1,800 per annum to do the same mileage of 2,320
