

“ I visit Colwall twice a year for several weeks and for short shopping trips or visits to friends locally the car was cheaper than hiring a car. I loved being a member – easy to join, easy to pick up and return car and billing worked without hitch. ”

“ The CCC suited my situation as I have a small sports car that I rarely use but occasionally need a bigger car for family outings or trips to the Waste Recycling Centre. ”

“ I can now have the use of a car when I want it (within the booking system) without the excessive cost, trouble and worry of running my own. ”

“ The CCC suits my situation as my mileage is now very low and the cost of continuing to run my own car would make little sense, particularly in a village like Colwall with such good public transport links. However, the use of a car is essential for shopping, days out, visiting friends and relatives and appointments, Dentist, Hospital, Vet etc. ”

“ The CCC offered me a chance to be involved with a local project that will contribute to reducing the community's energy use. ”

“ My experience of being a member of the CCC and using a car has been excellent. It's great to be involved in such a collaborative, flexible community led initiative. The club offers a variety of cars that should be suitable for most people's needs. ”
